STRATEGY

Desired income for this month=

\$ _____ per month

Divided by 30=

\$ _____ per day

Brainstorm on the following questions, and then make a
game plan:

What are your current revenue streams? How can you
expand who you serve this month?

Where can you network to bring in more work or
expand your resources?

Pick a way you will reward yourself if you reach your
goal at the end of the 30-Day Money Game.
